Free COVID-19 Tests for On-Campus Students and Employees

The University has secured the services of Clinical Reference Laboratory (CRL), a Kansas-based clinical testing laboratory, to offer free COVID-19 saliva test kits to all on-campus students and employees of Fort Hays State University. You may order your test kit from CRL by clicking on the following web link provided for that purpose: <https://order.crlclear.com>.

Note that when you click on the “Get Started” button on the website, you will see a kit price of \$129. Once you place your order by clicking on the “Add to Cart” option, you will see a box at the bottom of the page to submit your email address. Type in your FHSU email address and click apply, and you will see the price reduced to \$0.

CRL offers this [short video](#) that describes the process of specimen collection with this COVID-19 saliva test. The company has also asked us to highlight the following mandatory steps in this testing process:

1. Do not eat, drink, chew gum, smoke or brush your teeth within 30 minutes of collection.
2. You must register your kit online at crlclear.com.
3. You must write your first and last name on the barcode (included on the instruction sheet) and place the barcode on the saliva tube.

If steps 2 and 3 above are not completed, CRL cannot process the test.

Latest Tiger Food Exchange Location/Hours Change

The Tiger Food Exchange has moved back to Forsyth Library as of Thursday, July 9.

Our new hours are from 10am to 1pm Tuesday through Thursday. Currently, these hours are effective through August 17.

As a reminder to be as safe as possible on campus FHSU has adopted the following policy regarding face coverings:

- **General Rule:** When present on University property, all students, employees and visitors must wear face coverings over their mouths and noses when in common areas of a building (including hallways, elevators, public spaces, classrooms, conference rooms, and other common areas), and when within six (6) feet of another individual anywhere on University property. If you are alone in your office or personal workspace and are able to socially distance, or if you are outside and are able to socially distance, you can remove your face covering.
- **Exceptions:** Students in their residence hall rooms, and individuals while they are participating in activities in which a face covering cannot be worn, or would prohibit respiratory function (like eating, drinking, or playing sports). Additionally, employees and students with a recognized disability that prevents them from wearing a face covering can contact the Human Resources office (if an employee) or Student Accessibility Services (if a student) to discuss possible accommodations and the appropriate documentation process.
- **Basic Ground Rules:** We ask that students, employees and visitors provide their own face coverings, but the University will have a supply available to provide to those that do not have one. Individual supervisors and faculty members should offer University provided face coverings to those that do not have one, and make an initial effort at educating and holding employees and students accountable, within their respective areas.

- Enforcement and Additional Guidance: Complaints concerning violations of this policy by employees or visitors should be reported to Human Resources, and complaints concerning violations of this policy by students should be reported to Student Affairs. Individuals may utilize the [Coronavirus \(COVID-19\) Concern Reporting form](#) for this purpose. Additional guidance and best practices information concerning face coverings can be found on the [CDC website](#).
